

TO: Student Assistance Professionals  
FROM: IASAP and IL Masonic Foundation  
RE: Annual End of Year Evaluation  
DATE: May 2, 2005

Thank you for another year of service to kids. The Illinois Association of Student Assistance Professionals and the Illinois Masonic Foundation appreciates your ongoing dedication to serving students. You ARE making a difference and we have your data to prove it!

We are asking for your data again to complete the annual evaluation. Your input from a building level is very valuable. Together with other schools we can see the positive impact on student's lives and on the climate of your schools. This data allows the IMF to gain support for continued commitment on the part of IL Masons. At your schools you can use the data to support and enhance your efforts. It also enables IASAP and IMF to advocate for Student Assistance Programs, improve what we do and continue to grow.

The data you provide is compiled into a comprehensive program evaluation report which is distributed annually at the IASAP conference in February. If you did not get a report for 2003-04 data, please contact Janine Toth at [janinetoth@msn.com](mailto:janinetoth@msn.com) and she will mail one (or more) to you.

If you have any questions regarding the form, please contact Laura Grenda. Her contact information is listed below Thank you for your efforts in completing this evaluation as soon as possible.
